

Attention church rectors!

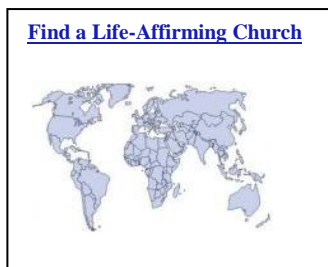

Inspired by [the Canons of the Anglican Church in North America](#), specifically Title II, Canon 8, Section 3 which affirms the Sanctity of Life, [Anglicans for Life](#) would be honored to have your church included among the “Life-Affirming Churches” listed on our website, [which could also benefit you by bringing potential new members to you via our website!](#)

Over the past several months, Anglicans for Life has noticed an increasing number of people contacting us in search of Life-Affirming churches in their communities. As of July 1, 2012, we have 92 such churches listed on our website under “Find a Life-Affirming Church.” These churches are searchable by City, State or City & State. And they are not necessarily all ACNA-member churches.

Our website has been completely revamped within the past year and is constantly being updated and expanded. We average about 600 hits every month, and lately we’ve noticed that about 10% of the pages viewed on our site are the “Life-Affirming” churches.

In addition, [Anglicans for Life’s Facebook page](#) has more than 800 followers, and President Georgette Forney has 200+ followers on [Twitter!](#) Both Facebook and Twitter direct users to Anglicans for Life’s website, and potentially to your church (if it’s listed)!

If you would like to have your church included on Anglicans for Life’s website, “Find a Life-Affirming Church,” please send the following information to Info@AnglicansforLife.org:

***Church Name
Rector Name
City, State, ZIP
Phone number
Website address (if you have one)***

One more request! Because we are always looking for ways to connect more people with the resources Anglicans for Life has to offer, we would like to ask you to consider adding a link to Anglicans for Life’s website to your website. Other churches that have done this typically include the link to Anglicans for Life under Ministry, Outreach or Recommended Links.

Anglicans for Life is here for you as a resource on all LIFE issues. The more people who connect to life-affirming churches, the greater impact we can have as the Body of Christ on our culture which increasingly devalues life.

Please call **1-800-707-2235** if you would like to know more about Anglicans for Life! We’re here for you!
